The Delia Times

Has Pleasure in Wishing

A Happy Xmas and

A Prosperous New Year

To all its Readers

CHRISTMAS

For millions of people throughout

this old world of ours Christmas,

1940, will be far from the usual

season of rejoicing. So devastating

has been the progress of the force

of evil during the interval between

Christmas, 1939, and today, that

more and more innocent and help-

less victims are being involved in

slaughter to satisfy the ambitions

of power-hungry men.

We on this continent are fortunate

that, so far, we have escaped the

hideous atrocities of modern

warfare. It is true that, for some

of our people, there is suffering and

sorrow in the home for the loss of

some dear one, husband or son, fa-

ther in the line of duty or dead, as

was, or is, in the air. Nevertheless,

the imagination must be larried

indeed that fails to envision the

vast canvas of suffering and anxiety

now pictured before us in these out-

lets of the five continents.

So far have we come in nineteen

hundred and forty years of Christ-

ianity for millions. Nineteen hun-

dred years, and today families on

two continents, and one half of

the world's inhabitants busily

explicating each other. What a

monstrous has mankind made of the

angel of the Prince of Peace!

UNITY

At a time when most mankind

is thinking and practicing

unanimity of action, it is interesting

to note the attitude of the stalwarts

of the Social Credit party.

Not long since, Premier John

Broeken invited members of the

opposition parties in the Manitoba

legislature to join him in a Union

Government for that province.

Three of the four Social Credit

members declined to accept the in-

itation, whereas the fourth, Mr.

W. J. R. raised serious objections

and finally succeeded in getting the

three complements "read out of

the party."

At the recent convention of the

Alberta Social Credit League, a

resolution was passed endorsing

this action of the Manitoba body.

Where is it that our members of

resolute men who dared to differ on

question of policy being read out

of the party?

The reaction of the British pro-

motion, another example of the man-

ner in which unity is regarded by some

Social Crediters. The premier of

Alberta already has voiced his op-
position—that was only to be ex-
pected from this type of ap-
pointment and a resolution ending the
servile government to receive
delegations from interested groups
was brought before the Calgary
City Council, it was opposed by
the two Social Credit members of
that body on the ground that it
was "a trap to totalitarianism,"
the thing we are fighting against.
A serious remark from this quarter
after what has been witnessed in
Alberta. Why say it that wrote:
"The masses will fall victims to
his lie more readily than to
small men?"

While it is generally known that
all provincial civil servants are
"voluntarily" accepting 25 per
cent of their salaries in Treasury
House vouchers, it is not so well
known that the staff on the mil-
itary side of the University hospital
—salaries for which are paid in
the federal treasury to the provin-
cial government—are also volunteers
in the feast of vouchers.
"Voluntarily," they were told, "or
else give a cheque in the mail."
